Creepy Circles

It's a quiet day. Everything seems normal. A man works in a field. Suddenly, he sees something strange. The **crops** are flattened into circles. They're perfectly round. And the man has no idea how they got there.

crop: a plant that is grown by farmers

What Are They?

Many people have seen crop circles. They show up all around the world. The circles can be big or small. Some are simple. Others are complicated.

Most circles are human-made. But some are more mysterious. Did aliens make them?

About 46% of Americans believe in aliens.

.....

COMPARING BELIEVERS

About 54% of Americans don't believe in aliens.
