A Creepy CEMETERY

It was late at night. A man drove past Resurrection Cemetery in Justice, Illinois. He saw a woman near the gates. She looked lost. The man stopped and offered her a ride. The woman got in the car. But after the man started driving, she **vanished!** Later, he drove past the same cemetery. He swore he saw the woman dancing around the graves!

What's GOING ON?

Many people tell spooky stories about cemeteries. Cemeteries are resting places for the dead. But are the dead resting in peace? Some people say ghosts haunt cemeteries. They tell stories about strange things there.

How Many Believe?

About 45% of Americans believe in ghosts.

Sights and Sounds

Believers say ghosts try to let the living know they're there. They say some ghosts try to be seen. The ghosts might appear as balls of light or mist. They might even look like people. Other ghosts cause noises. Some people say ghosts even speak.

People have experienced strange things in cemeteries around the world. Could they really be haunted?

Some people are superstitious.
When passing cemeteries, they hold their
breath to stay safe from ghosts.
