Chapter 1

Fun Above

Holy macaroni, you're bored! You picked your nose clean. You washed the dishes. Then you washed them again just for something to do. And then you picked your nose again! You'll do *anything* for a little entertainment. Never fear! Your imagination is here. And there's no end to the fun you can have with that.

Going Up

When is the last time you explored the attic? It might seem like attics are just full of **ducts**, wires, and old storage. But they can actually have entire worlds. Get that imagination exploring!

Tip

Not every home has an attic. That's OK. Imaginations work anywhere! Try using yours in the basement or bedroom.

Chapter 2

Ghosts in the Attic

Attics are often dark and creepy. That means they're perfect for ghosts and ghouls. Find the boxes with your family's Halloween decorations. (They're probably labeled HALLOWEEN DECORATIONS.) Pull out the big ghost, and put it in an attic window. When people walk past the house, wiggle the ghost. It'll look like it's moving in the window. Watch the **reactions** of people walking by. Their looks will be **priceless!**

Can't find a ghost? Make your own with a white sheet. Or find other creepy things to put in the window. Old dolls work especially well.
