Meet the

# Bulldog

A bulldog naps in its bed by the window. A bird taps the glass. The dog snores. Children play a game outside. The bulldog **drools** in its sleep.

Soon, the bulldog grunts and opens its eyes. It goes outside for a bathroom break. Then it heads back to bed for another nap.

## One Cool Canine

Bulldogs are medium-sized, **stocky** dogs. These pups don't do much running or playing fetch. Too much activity wears them out.

The name "bulldog" might sound tough. But don't be fooled by that wrinkled face. Bulldogs are calm, gentle dogs.
