Was It a **Dream?**

In the dark of night, a man shot awake. He had dreamed his son was very sick. The dream felt so real, he called the doctor. The boy was close to death.

ESP

Some people say the father's dream was an extra **sense** called **ESP**. Believers think there are many kinds of ESP. One kind allows someone to read minds. Another kind lets a person see events happening far away. A third kind lets a person know the future.

Many people believe in ESP. But many others do not. They say **psychics** pretend to have special powers.

What Is

ESP?

Many people think they have ESP.

They say they know who is going to call before the phone rings. Others say they dreamed about something before it happened.

Another kind of ESP might be the ability to talk to the dead.
